About Where Food Comes From, Inc.

Where Food Comes From, Inc. is America's trusted resource for third party verification of food production practices. Through proprietary technology and patented business processes, the Company estimates that it supports more than 17,500 farmers, ranchers, vineyards, wineries, processors, retailers, distributors, trade associations, consumer brands and restaurants with a wide variety of value-added services. Where Food Comes From solutions are used to verify food claims, optimize production practices and enable food supply chains with analytics and data driven insights. In addition, the Company's Where Food Comes From® retail and restaurant labeling program uses web-based customer education tools to connect consumers to the sources of the food they purchase, increasing meaningful consumer engagement for our clients.
