## Upcycled Certified®

### Fee Schedule

Where Food Comes From, Inc. (WFCF) is the exclusive source for Upcycled Certified®! Your certification fees directly support the administration of the Upcycled Certified® program, the verification of the processes and procedures required within the Upcycled Certified® Standard, and promotion of Upcycled Certified®. **The following outlines the fee structure for Upcycled Certified®**

#### Product Enrollment (Wholesale or CPG) -

##### Product(s) Review (annual fees):

“Product(s)” are defined as each individual item submitted for Upcycled Certified®, including single ingredient, multi-ingredient, consumer-facing goods and/or wholesale items, with or without finished product labels. Product review fees apply per unique formulation review, including reformulations of previously reviewed items.

- 1-5 Products (includes label review): \$1,250
  - Each Additional Product (includes label review): \$100/product\*
- \*custom price estimates are available for portfolios of 100 enrolled products or more.*

##### Upcycled Certified® Licensing Fees (annual fees per product):

These fees are collected per the licensing agreement for all Certified Items listed on the Certificate of Approval.

- \$175/product

#### Processor/Handler Review -

##### Processor/Handler Chain of Custody Review (desk):

The Upcycled Certified® Standard requires the review and confirmation of chain of custody practices to ensure the use and integrity of upcycled ingredients through the supply chain to the finished production stage (consumer-facing or wholesale). This is done through a desk audit process (records review). The location where your final product is made is the location reviewed. If multiple processors or co-packers make your finished product, each location will be subject to review.

- \$500/location

### Reduce certification costs by bundling programs!

*Upcycled Certified® can be bundled with a variety of other program offerings, such as Non-GMO Project Verified, Certified Organic, Bee Friendly Farming, Plant-Based, Gluten-Free and many more.*
